EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Phillip Decorte on 11/29/2006.

The application has been amended as follows:

1. In claim 38, delete the phrase "of the compound of claim1" which appears after the term "amount".
2. In claim 40, delete the phrase "of the compound of claim1" which appears after the term "amount".

REASONS FOR ALLOWANCE

The following is an examiner's statement of reasons for allowance:

Applicants' response, which included cancellation of claims 6 and 8-36, filed on 530/2006, is made of record. Claims 1-5, 7 and 37-40 are now pending. In view of applicants' response, the 112 first paragraph rejection of claims 8-36 made in the previous office action has been rendered moot.

The triazine compound of formula I, with various variable groups shown in claim 1, its composition and method of use embraced in the instant claims were not found to be anticipated or rendered obvious by the prior art of record. Additional search in the related art area also did not yield any prior art teaching or suggesting the compound of formula I, its composition and the method of use embraced in the instant claims. Therefore, the examiner noted that the claims 1-5, 7 and 37-40 would be in condition for allowance.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
